

Maxguard™ MRR Ultra Jet Black

specialty marine gelcoat

For decades, Ashland has served the best boat builders in the world with new technologies that deliver unmatched quality and performance. Ashland's innovations continue to build our suite of gelcoat products, pushing gelcoat technology and performance to new levels.

Ashland's specialty Maxguard™ gelcoats provide superior performance in critical use environments with the added value of high weatherability in combination with outstanding cosmetics. As a result, your boats will maintain their luster and finish for years to come providing a great value for your consumers. Ashland has a history of being the market leader in providing products with reliable, durable, real world performance.

Maxguard MRR Ultra Jet Black specialty marine gelcoat is unmatched in the marketplace with regard to its jet black color and "mirror" like finish. This gelcoat was specifically designed and formulated to provide boat builders with the deep black color they need to achieve the aesthetic they desire. MRR provides jetness and exceptional depth of color without compromising properties by offering a high degree of weatherability and flexibility. In addition to its appearance and performance, the MRR has proven to be easy to apply and simple to repair.

Degree of Jetness

Benefits

MRR Gelcoat

- Ultra jet black color
- Superior gloss retention
- Extremely high depth of color
- Exceptional repair properties
- Blush and blister resistant
